

# Laguna 2013 Water Gardening Guide Now Available

## All-new edition is packed with helpful information on building and maintaining attractive water features

MONTREAL, Canada – March 19, 2013 –Laguna is pleased to announce the release of its new 2013 Water Gardening Guide.

Whether you're a beginner or seasoned water gardener, the new guide is a must-have resource for just about everything you need to know about planning, installing and maintaining a variety of water features.

### Practical how-to guide

Jam-packed with practical information and tips, the all-new edition provides step-by-step guidance on a variety of topics to help make your backyard hobby a satisfying and fulfilling experience.

### Many helpful tips

Topics include how to set up attractive water garden ornaments on decks or patios, how to build medium-sized ponds using pre-formed basins, and how to create stunning in-ground water gardens.

### Tips on water, fish and plant care

Readers will also get expert advice on treating water for optimum clarity and health; choosing, feeding and caring for pond fish; as well as choosing and maintaining plants.

### Advice on buying the right pond equipment

The guide also takes you through Laguna's vast selection of water gardening products—such as water pumps, filter, skimmers, UV sterilizers, water treatments, and fish food—with accompanying work charts to help you determine what equipment is best suited for your project.

### Now available online or in-store
